To the Stockholders Pacific Financial Associates, Inc. San Juan Capistrano, California

We have audited the accompanying balance sheet of Pacific Financial Associates, Inc. (a California corporation) as of June 30, 2008 and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of creditors and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the financial position of Pacific Financial Associates, Inc. (a California corporation) as of June 30, 2008 and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

PACIFIC FINANCIAL ASSOCIATES, INC. Notes to Financial Statements June 30, 2008

Note 1: Summary of Significant Accounting Policies

Organization

The Company was incorporated on September 24, 1984 pursuant to the laws of California to engage in the practice of investment consulting.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. For income tax reporting purposes, the Company uses the cash basis method of accounting, where-by income is recognized when received and expenses are recognized when paid.

Cash and Cash Equivalents

For purposes of reporting cash flows, the Company considers investment money market accounts available on demand to be cash equivalents.

Property and Equipment

Property and equipment are stated at cost. Depreciation is determined using the methods prescribed by the Internal Revenue Code, which prescribes rates and periods for various categories of assets. Use of these methods approximates amounts determined by generally accepted accounting principles.

Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for repairs and maintenance are charged to expense as incurred.

When the property is disposed of the related costs and accumulated depreciation are removed from their respective accounts and profit or loss is recognized currently.

Off- Balance Sheet Rick

The Company maintains a bank account at a financial institution with a balance exceeding \$100,000.00, the statutory limit of federal depository insurance. Should this financial institution fail, the Company could possibly incur a material loss.

PACIFIC FINANCIAL ASSOCIATES, INC. Notes to Financial Statements June 30, 2008

Note 2. **Income Taxes**

Income taxes consists of the following amount:

State \$ 800

For federal and state tax purposes the Company has a net operating loss carryforward of \$16,960 and \$15,895 respectively to offset future taxable income.

No deferred tax entry has been made for permanent or temporary differences that exist due to the immateriality of such amounts.

PACIFIC FINANCIAL ASSOCIATES, INC. Notes to Financial Statements June 30, 2008

Note 5. Salary Deferral Plan

The Company has a salary deferral plan for the benefit of its employees. Matching contributions to the Plan are made at the discretion of the Company's Board of Directors. The matching contribution for the year ended June 30, 2008 was \$5,140.

Note 6. Net Capital Requirements

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a ratio of aggregate indebtedness to net capital, as defined, not exceeding 15 to 1.

The Company's ratio at June 30, 2008 was .54 to 1.00. The basic concept of the rule is liquidity. Its object being to require a broker/dealer to have at all times sufficient liquid assets to cover its current indebtedness. At June 30, 2008 the Company had net capital of \$28,798, which was \$23,798 in excess of the amount required.

Note 7. Reserve Requirements for Brokers and Dealers

The Company is exempt from provisions of Rule 15c3-3 (per paragraph k (2) (ii) of such rule) under the Securities Exchange Act of 1934 as an introducing broker or dealer transacting security transactions on a fully disclosed basis. The Company does not maintain physical custody of customer funds or securities. Because of such exemption, the Company is not required to prepare a determination of Reserve Requirements for Brokers and Dealers.

To the Stockholders Pacific Financial Associates, Inc. San Juan Capistrano, California

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The statement of income detail, computation of net capital, computation for determination of reserve requirements, and information relating to the possession or control requirements as shown on pages 12 to 17 are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in, our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE:

The difference between the audited capital computation and the Company's corresponding unaudited Form X-17A-5, Part IIA, dated June 30, 2008 is due to adjustments made subsequent to the filing of Form X-17A-5, Part IIA, in preparation for and as a result of the Company's annual audit, and the adjustments required to convert the records from a modified cash basis to an accrual basis financial statement.

COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS PURSUANT TO RULE 15c3-3 JUNE 30, 2008

The Company is exempt from Rule 15c3-3 under the exemptive provisions of (k) (2) (ii) and, therefore, has no reserve requirements since it clears all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer. The customers transmit all funds and securities directly to the clearing broker or dealer which carries all of the accounts of such customers and maintains and preserves such books and records pertaining thereto pursuant to the requirements of Rules 17a-3 and 17a-4, as are customarily made and kept by a clearing broker or dealer.

INFORMATION RELATING TO THE POSSESSION OR CONTROL REQUIREMENTS UNDER RULE 15c3-3 JUNE 30, 2008

The Company is exempt from Rule 15c3-3 under the exemptive provisions of (k) (2) (ii) and, therefore, has no possession or control requirements.

REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17a-5

Board of Directors Pacific Financial Associates, Inc.

We have audited the financial statements of Pacific Financial Associates, Inc. (a California corporation) for the year ended June 30, 2008, and have issued our report thereon dated August 15, 2008. As part of our examination, we made a study and an evaluation of the company's system of internal controls to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The limited purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Pacific Financial Associates, Inc. (a California corporation) that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3(e).

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of the inherent limitations in any internal accounting control structure or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our consideration on internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy of such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
